Re: COVID-19 Testing

Dear Family Members:

This letter is to inform you of the COVID-19 testing that was performed at the WNC Baptist Home last Monday 08/03/2020 on all residents and staff. As of 08/11/2020, no residents have tested positive. We had two-employees who tested positive however, neither one has been in the Home to work since 29th of July.

This is another testament to the importance of wearing our PPE to continue to keep our residents and team members safe. We are very encouraged with these test results. The guidance from the health department, which we support, is that all staff members are to be tested every two weeks. With that in mind, we will keep you posted as to any new results or changes as they come about.

Thanks so much to everyone and let us know if you have any questions.

Sincerely,

Chris Elmer
